# ABOUT US

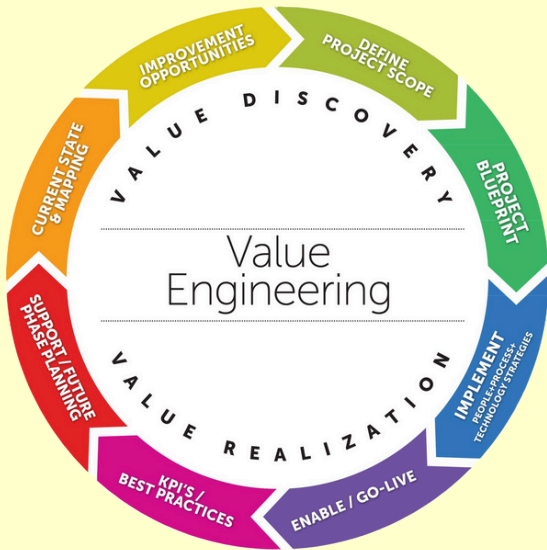

Richfield, provides Design & Detailed Engineering, Fabrication, Manufacturing, Supply & Install, Core Industry Equipment covering Process Equipment, Pipe work, Tanks Construction, Customized Products Manufacture, Material Handling Equipment & Components, Environmental Solutions covering Dedusting Filters and Hydropower Embed Parts and Auxiliaries. Our goal is to provide effective solutions for customer need and satisfaction.

# OUR VALUES

Value Engineering Features:

- Advanced Engineering Solutions
- Product Optimization
- Marketing Services
- Project Management
- Development Stratagem
- Implementation, Maintenance
- Reverse Engineering
- Customization Of Engineered Products

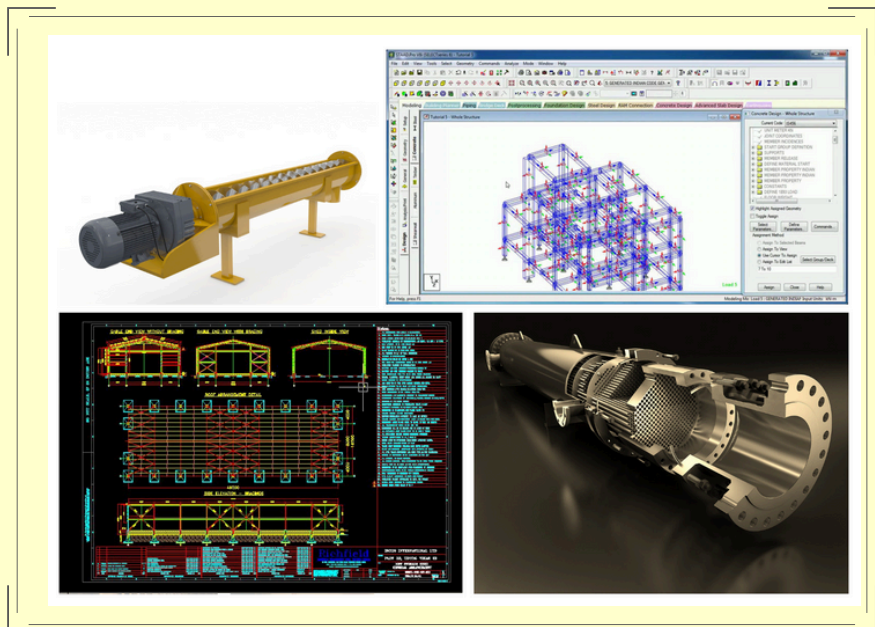

# DESIGN

Richfield Design Detailed Engineering features software services are under

- AutoCAD, Inventor & Fusion 3D
- Solidworks
- STAAD
- CAESER II
- PV Elite
- TANK

## FABRICATION

# MANUFACTURING

Richfield diversified selection of unsurpassed metal **MANUFACTURING & FABRIACTION**

services including:

- Metal Bending & Formation
- CNC Punching & Formation
- SMAW, MIG, TIG, Welding
- Heavy Metal Forming and Fabrication
- Precision Sheet Metal Fabrication
- Specialized Machined Components

# PROCESS EQUIPMENT

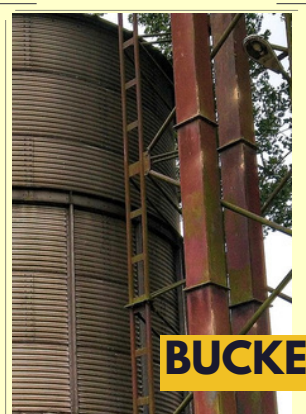

## PRESSURE VESSELS

Richfield offers selection of various metal **PROCESS EQUIPMENT'S** which includes:  
Process Vessels & Tanks, Shell & Tube Heat Exchanger Plant Process Pipework

## PIPING

# MATERIAL HANDLING & ENVIRO SOLUTION

## BUCKET ELEVATOR

Richfield - **MATERIAL HANDLING** Solutions cover Bucket Elevator, Chain, Belt & Screw Conveyor & **ENVIRO SOLUTIONS**, Dust Collector, Bag Filters, etc.

## BAG FILTERS

# ENERGY

**Richfield** in field of **ENERGY** engagement covers Fabrication & Delivery for Small & Mini Hydropower Embed Parts, Trash Rack, Penstock, & Renewable Energy covering Mini & Microgrid in Solar and Support System for Large Projects.

**HYDRO STRUCTURES**

**SOLAR STRUCTURES**

# CONSTRUCTION

**Richfield** qualitatively and uniquely offers simple **INSTALLATION SOLUTIONS** for every project.

- Mechanical & Equipment Installation
- Practical & Innovative Solutions
- Re-Engineering as per conditions
- Access Planning & Implementation
- D2D (Design to Delivery)
- Cost Effective Rapid Deployment
- Highly skilled & experienced manpower

# AUXILIARY PRODUCTS

**GRATINGS**

**TUBE SHEET**

**PLATFORMS**

**MODULAR HANDRAIL**

**STAIRS**

**FACADES**

**CUSTOM**

# FEATURES

## Richfield Team

Highly motivated to deliver success, quality projects & products of highest added value to customers.

## Richfield Quality

Strict compliance to applicable standard, safety and durability giving customer highest confidence.

## Richfield Mission

To deliver cost effective, quality solutions to every industry.
